

学位取得者

【 】内は出身教室

2025 年度

1. 佐藤ちあ紀【形態機能病理学】
Molecular characterization of a myxoepithelioid tumor with chordoid features: aberrant hormone receptor expression
Virchows Archiv, In press, 2026
2. 島田有貴【臨床・腫瘍外科学】
Clinicopathologic and genomic features of gastric-type intraductal papillary neoplasm of the bile duct: potential role of STK11 in malignant progression
Am J Surg Pathol 49(10):1004-1014, 2025
3. 園田裕樹【整形外科科学】
Impact of tertiary lymphoid structure on prognosis and tumor microenvironment in undifferentiated pleomorphic sarcoma
Cancer Sci 116(5):1464-1473, 2025
4. 谷口義章【病態機能内科学】
Volume of hepatoid component and intratumor M2 macrophages predict prognosis in patients with hepatoid adenocarcinoma of the stomach
Gastric Cancer 28(1):41-50, 2025
5. 中島京【生殖病態生理学】
Tumor microenvironments in malignant ovarian germ cell tumors: MHC class I loss and T-Cell exhaustion in dysgerminoma
Cancer Sci 117(2):566-575, 2026
6. 野口彰子【臨床・腫瘍外科学】
Prognostic significance of desmoplastic reaction classification and its association with stromal biomarkers in pancreatic ductal adenocarcinoma
Mod Pathol 38(10):100865, 2025
7. 濱田洋【小児外科学】
Adjunctive diagnostic tool for histopathological classification of congenital mesoblastic nephroma based in molecular genetic findings
J Cancer Res Clin Oncol 151(2):69, 2025
8. 原大貴【耳鼻咽喉科学】
MTAP loss correlates with favorable prognosis in HPV-independent, p16-negative oropharyngeal squamous cell carcinoma
Am J Surg Pathol 50(2):147-155, 2026
9. 古川寛【整形外科科学】
Reduced 5-hydroxymethylcytosine due to TET2 downregulation is associated with chondrosarcoma progression
Sci Rep 15(1):41854, 2025
